RESOLUTION Numbered 618,
(series of 1993)

REQUESTING ALL HOSPITALS, BOTH PUBLIC AND PRIVATE,
TO FACILITATE THE IMMEDIATE SETTING UP OF A **YOUTH**
AND WOMEN'S DESK IN THEIR HOSPITAL OFFICES TO
HANDLE CASES OF HUMAN RIGHTS VIOLATIONS
COMMITTED AGAINST YOUTH AND WOMEN.

WHEREAS, most cases of human rights violations against youth and women are manifested by physical harassment and violence such as those of battered wives and sexually abused women, child prostitutes and maltreated children;

WHEREAS, prior to the filing of any criminal charges against offenders, the victims first undergo medico-legal examinations immediately after the abuse incident and the findings from this examination shall abet further investigation and gathering of substantial evidence;

WHEREAS, there are reports that most women and children who have been brutally molested or exposed to violence suffer from emotional repression and withdrawal following the insensitive attitude toward their plight by persons or professionals who attend to them;

WHEREAS, this incidence has led to the passivity of the victims and extreme psychological imbalance that compromise the social dimension of their roles in the society;

WHEREAS, while there are civic organizations aimed at providing for the psycho-social needs of these victims, their untoward experience on physical examinations delays their recovery;

WHEREAS, the comprehensive background on psychology of hospital personnel can be very helpful in the early recovery of these victims if channeled only through a section which will handle these cases alone;

NOW THEREFORE, on motion of Hon. Yaranon, Hon. Tabanda and Hon. Ponce seconded by Hon. Quitania, be it

RESOLVED, as it is hereby resolved, to request all hospitals, both public and private, to facilitate the immediate setting up of a youth and women's desk in their hospital offices to handle cases of human rights violations committed against youth and women.

Adopted.
